

Dear Parents,

We are so glad you are here or are planning on visiting with us this coming Sunday. We hope that will find hospitality and making connections with other adults during your visit with us at Surfside Pres. While your child is cared for, you will be able to participate in corporate worship (930am) and attend the Student Families class or one of the other Sunday Schools at 11am.

At Surfside you will meet other parents who are totally familiar with the wins and struggles of parenting. You will find parents in every life stage: from diapers to college admissions, from newlyweds to grandparents. It is our hope that together we will navigate these little years with hope and grace for ourselves and one another because of the grace God offered us in Jesus Christ!

We believe our main role at Surfside KIDS is to support you, the parent, as you love, lead and teach your children. This is why we are committed to providing excellent care for your little ones so that you can worship with a clear head and heart, knowing your little ones are safe. Our trained volunteers are excited to serve your families

Feel free to reach out by calling the church office (843-650-2020) or emailing nursery@surfsidepres.com if you have any questions.
